WORK EXPERIENCE

Digital Product Development Intern | Innvelous Tech (Apr 2026 – May 2026)

- Co-developed a full-stack *Attendance Management Portal* using React.js and Tailwind CSS within an Agile environment.
- Collaborated on API integration using Axios and Postman, ensuring seamless data flow for attendance tracking modules.
- Engineered responsive frontend screens for teacher timetables, eliminating cross-device layout shift issues.

Frontend Developer Intern (Remote) | Digitech Offerings (Oct 2025 – Dec 2025)

- Built production-ready single-page applications (SPAs) leveraging React.js, React Router, and component-driven design.
- Enhanced UI/UX workflows by modernizing legacy CSS layouts into utility-first Tailwind CSS, improving mobile optimization.
- Participated in team tech syncs, managing feature branches, pull requests, and collaborative code reviews on GitHub.

PROJECTS

Inkwell – Full-Stack Blog Platform (MERN Stack, JWT, Cloudinary, Vercel)

- Engineered a full-stack blogging app with secure email verification, encrypted password resets, and protected routes.
- Designed REST APIs featuring Multer and Cloudinary middleware to handle asynchronous multi-image uploads.
